

30% COCO CASTILE SOAP

DESCRIPTION:

Sanitek's 30% COCONUT CASTILE BABY SOAP is a very mild coco-castile soap ideal for hand and body washing. Soaps made from coconut oil produce the most copious lather of all the animal and vegetable oil soaps. Because Sanitek uses only whole coconut oil, rather than fatty acid extracts, the 12% natural glycerin found in the oil is retained. This adds emollient and moisturizing qualities lacking in fatty acid soaps.

The foaming properties and feel of synthetic shampoos may be improved by adding 10-25% coconut oil soap.

Sanitek's 30% COCONUT CASTILE BABY SOAP contains no dyes, perfumes or fillers. A small amount of water softener is added to increase the efficacy of the soap in hard water.

As with all of Sanitek's products, 30% COCONUT CASTILE BABY SOAP is subjected to strict quality control tests to insure batch uniformity before being released for sale.

FOR USE IN:

Traditional bulk fill soap dispensers. 30% COCONUT CASTILE BABY SOAP also makes an ideal bar soap substitute.

DIRECTIONS:

For use in soap dispensers, dilute up to 1 part 30% COCONUT OIL SOAP with 2 parts water. Perfume and color may be added as desired.

APPEARANCE:

Light gold with coconut oil odor.

SOLIDS:

30% ± 0.5%

HEALTH & SAFETY:

CAUTION — NOT FOR INTERNAL USE

— FIRST AID —

If Swallowed, give milk or water to drink. Carefully induce vomiting.
