

40% COCONUT OIL SOAP

DESCRIPTION:

SANITEK 40% COCONUT OIL SOAP is processed from 100% pure natural coconut oil. Soaps made from coconut oil produce the most copious lather of all the animal and vegetable oil soaps. Because SANITEK uses only whole coconut oil, rather than fatty acid extracts, the 12% natural glycerin found in the oil is retained. This adds emollient and moisturizing qualities lacking in fatty acid soaps.

The foaming properties and feel of synthetic shampoos may be improved by adding 10-25% coconut oil soap.

SANITEK 40% COCONUT OIL SOAP contains no dyes, perfumes or fillers. A small amount of water softener is added to maintain foaming properties in hard water.

As with all of SANITEK'S products, 40% COCONUT OIL SOAP is subjected to strict quality control tests to insure batch uniformity before being released for sale.

DIRECTIONS:

For use in soap dispensers, dilute 1 part 40% COCONUT OIL SOAP with 2 parts water. Perfume and color may be added as desired.

APPEARANCE:

Light gold with coconut oil odor.

SOLIDS:

40% ± 0.5%

DENSITY:

8.68 ppg (typical)

pH:

10.5 ± 0.5
