

SANISTRIP XL

NON-AMMONIATED FLOOR FINISH STRIPPER

DESCRIPTION:

This product is a unique system of ingredients especially formulated for removing all metal-crosslink floor finishes without the aid of ammonia. SANISTRIP XL also strips copolymer and wax type floor finishes.

FOR USE ON:

Resilient Tile, Linoleum, Terrazzo, Marble, Concrete, and Sealed Wood Floors.

APPEARANCE:

Clear yellow-green liquid with mild odor.

pH:

13-14

DIRECTIONS:

For Stripping Old Finish and Wax from Floors: Dilute 6 oz. of SANISTRIP XL per 1 gallon of warm water. Apply liberally to floor with a suitable applicator and allow to sit a few minutes. Scrub with floor machine stripping pad or scrub brush, then pick up excess material and rinse with clean warm water.

For Heavy Cleaning of Concrete Floors: Use 8 to 10 oz. of SANISTRIP XL in 1 gallon of hot water. Apply to surface with suitable applicator and let sit. Next, machine scrub if necessary. Pick up soiled solution completely, then rinse with clean warm water.
